ARCHITECT | RESUME

PROFILE

With over nine years experience in architectural design, I am a dynamic and innovative architect and designer with a proven track record in managing construction and design projects from concept to completion. I continually demonstrate exceptional skills and experience in planning, detailing and coordinating building activities, and as a qualified draftsman I have worked on major residential and commercial projects.

EDUCATION

Batchelor (B.A.A.) of Architecture & Urban Planning

Pontifical University of Campinas, Brazil – *Completed 2006*

Diploma (Dipl.) of Interior Design and Decoration

Central Institute of Technology, Perth WA – *Completed 2016*

SKILLS

Advanced skills on multiple job-specific applications including **Revit**, **AutoCAD**, and **SketchUp**. I have the ability to balance, co-ordinate and translate the needs of multiple stakeholders with a tenacious attention to detail and quality, and can work on schemes within a variety of sectors, and am able to lead a project with multiple technical resources involved.

EXPERIENCE

Project Manager, Werk Architecture, Brazil

January 2013 to October 2016

Expertly managed a multitude of dynamic commercial, institutional and residential projects through concept, construction and completion. This included compiling data for architectural plans, specifications, cost estimates and reports, preparing layouts, and most importantly providing clear and unambiguous direction to members of our project teams.

Freelance Architect, Partnership with Gabriel Frasson, Brazil

July 2009 to January 2013

Worked as part of a highly successful partnership on residential and commercial design and build projects where I was responsible for the planning, design and construction of major building projects while developing and sustaining working relationships with private/public sector partners.

Architecture Coordinator, Bonetti Architecture & Urban Planning

November 2008 to August 2010

I was primarily in charge of coordinating the design of commercial and residential projects. My skills were put into practice by carrying out 2D or 3D designs as required, as well as visiting sites and building relationships with site managers. Also, importantly, liaising with sub-contractors to ensure compliance.

Continued...

Architecture Coordinator, Matita Architecture

March 2008 to October 2008

Responsible for coordinating and supervising the design implementation on site. Also in charge of ensuring design quality, leading site meetings with different parties, managing design changes, documentation as well as overall administration.

Architecture Coordinator, Achilles & Felipe Bignotto Architects

May 2007 to March 2008

I coordinated the design of major commercial and residential projects, responsible for preparing layouts, drawings and preliminary sketches whilst advising on multiple planning applications.
